Re: VHAVENDA ART FOUNDATION

As the unofficial co-ordinator of the above, which we are in the process of establishing, I am now in the position of having to offer a postal address for the Foundation. We have recently opened a bank account, and of course they require an address.

As I have no other, may I please use the VDC's address? Optimistically, we should one day have our own offices, so this would not be a permanent arrangement.

Thank you.
