Poster show

MARTIN WELLS

A POSTER exhibition by members of the Community Arts Project is being held at the Centre for African Studies at UCT.

Photographs of South African sub-cultures, titled *South African Images*, will also be exhibited. The photographs are by Mike Davies and Leopold Podlashuc.

These are being shown in the centre's gallery in the new Harry Oppenheimer Institute Building, part of the Engineering Mall, on the Upper Campus.

The works can be seen until May 8.
