

FACE(IN) CAPE TOWN
 ART EXHIBITION @ THE CASTLE OF GOOD HOPE
 15 DEC – 07 JAN

FACE (IN) CAPE TOWN

This group exhibition entitled Face (In) Cape Town is the culmination of a collaborative process with past and present artists from the GoodHopeArt studios organised by the Community Arts Workshop.

Through personal experiences, the artist expresses an interpretation of place, habitation and self.

GOODHOPEART STUDIOS

Community Arts Workshop (CAW) together with Truworths Social Involvement Trust have over the past 9 months, developed GoodHopeArt Studios aiming to provide a supportive base for visual artists to enhance their skills and knowledge, to enable them to improve their earning capacity, meet their personal goals and have opportunity for promotion and further advancement.

COMMUNITY ARTS WORKSHOP

Community Arts Workshop (CAW) offers the services and environment in which to work with various communities and cultures that have a common goal in mind. Drawing together several parties, CAW facilitates the process of a collaborative workshop within the field of arts and culture.

Through these workshops a group of artists/crafters and/or other beneficiaries gain through skills development, social interaction and income generating opportunities. The workshops usually culminate in the form of a group exhibition.

CREATIVE BLOCK

18cm² artworks by more than 60 contemporary artists. Ideal gifts, these artworks can be successfully grouped together. This initiative has provided GoodHopeArtists the opportunity for creative exploration and income generation.
